## CASRI WATER DETECTOR

We are pleased to introduce the updated CASRI Water Detector. The redesign packaging has improved with new protective tube, easy to use and more efficient against moisture.

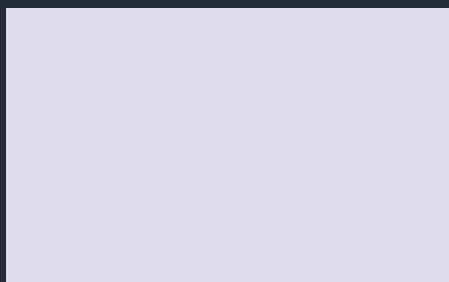

#### New improvements details:

- 1) Every box contains 2 internal aluminium sachets with 5 tubes each to improve capsules protection against humidity;
- 2) The new flip-top cap are easy to open and can reseal the tube with one hand, even with gloves on;
- 3) The new plastic tube with its flip cap also facilitate to protect the remaining capsules from moisture, thanks to its very efficient new sealing and desiccant tube.
- 4) At the opening of the tube, the new capsule is ready to be applied directly to the syringe, without holding the capsule with hands.
